ADVENTURE COMPANY

Snorkeling in Channel Islands National Park

The Channel Islands National Park is famous for its incredible biodiversity and marine sanctuary. People travel from all over the world to see the kelp forests and experience the marine life up close. At Scorpion Anchorage, guests can choose to rent snorkel equipment or join a guided snorkel tour right off the beach!

Snorkeling at Scorpion Anchorage on Santa Cruz Island

Hop in the water and marvel at the sea life during your full-day adventure at the Channel Islands National Park! Begin the day at the Ventura Harbor and cross the Channel via ferry boat. Guests often see sea lions, migrating whales, coastal birds, and pods of dolphins during the ferry journey. Upon arrival to Santa Cruz Island, guides will outfit guests for the day with their requested equipment; then provide a safety briefing. For snorkel rentals, guests are free to explore on their own and return your equipment at the end of the day.

On our guided snorkel tour, guests receive expert knowledge while exploring the beautiful kelp forests and along pristine coastlines. There may even be a chance to swim in and out of sea caves, conditions permitting! Guides will offer discussions of marine ecology and natural history of the islands while guests view sea life up close.

The ferry returns in the late afternoon to pick up guests. Snacks and drinks are available on the ferry for purchase as guests relax and digest their full day of adventure on the ride home.
